

LIZ SULLIVAN

I design print, signage and environmental graphics. I've had the opportunity to work with clients such as Morningstar, Chicago; Barnes & Noble, New York; and to work behind the scenes at many creative firms in St. Louis.

I am a guest speaker for the Volunteer Lawyers and Accountants for the Arts, [No Artist Left Behind](#) program.

My work has been recognized by the AIGA, St. Louis; the Targeted Advertising and Marketing Association and the American Advertising Federation.

experience
